Temitope Abolaji

Passionate developer committed to continuous growth, eager to collaborate, and drive innovation in web development.

RELEVANT EXPERIENCE

Frontend intern · Codsoft   Jul 2023 - Aug 2023

- Utilized HTML, CSS and JavaScript to create visually appealing and user-friendly website.
- Integrated databases like MongoDB to store and retrieve user information.

SELECTED PROJECTS

Sublime Designs and Construction Website

Online Portfolio Site for Sublime Designs and Construction Associates Limited Architecture Firm.

https://sublimeconstruct.com/

- Developed a responsive website using React, optimizing performance and usability across various devices and screen sizes.
- Utilized version control systems like Git to manage codebase changes and facilitate collaboration with team members.
- Collaborated closely with stakeholders to gather requirements, iterate on designs, and incorporate feedback throughout the development process.

imageRaft

React Photo Gallery Website - Used Pexels API to Get Pictures for Download.

https://topghostly.github.io/imageraft-site/

- Developed a responsive photo gallery website using React that allows users to search and download high-quality photos using the Pixels API.
- Implemented search functionality to allow users to find specific photos based on keywords and categories.

AgentMeet

Agent Website - Created with Node.js and MongoDB Database for Rental Properties

https://fragile-wear-frog.cyclic.app/

- Designed and developed a web application using Node.js and MongoDB that allows agents to create an account and publish available rental properties for prospective tenants.
- Implemented secure authentication and authorization features using JWT tokens.
- Built a RESTful API using Express.js to handle CRUD operations for rental properties.
